ATTENTION: All Proposers

**Request for Proposals**  
Edmonds Ferry Public-Private Partnership  
Design-Build Project

**Addendum No. 1**

The Washington State Department of Transportation (WSDOT) is soliciting letters of interest (LOI) from companies interested in providing Design-Build services for the design and construction of pedestrian facilities in the vicinity of the Edmonds Ferry Terminal. This is an Equivalent Value Exchange (EVE) Design-Build project wherein WSDOT property will be exchanged as payment for the Design-Build services.

Submission of an LOI will enable WSDOT to e-mail updated project information to interested parties and begin voluntary proposer meetings to discuss the project and consider needed changes to the procurement process. This is particularly important with the preparation of an upcoming Edmonds Public-Private Partnership Project Workshop which will be attended by City, State and other interested parties.

LOI's must be received by 4:00p.m., Pacific Standard Time, February 19, 2010 and must be delivered by mail or by hand in person or courier to:

Rahim Delli, P.E.  
Washington State Department of Transportation  
9025 El Capitan Way  
Everett, Washington 98208 – 3637

The LOI must include the name, address, phone number and e-mail address of the person who WSDOT may contact to provide further information about the project. Unless requested otherwise in the LOI, such information will be provided by e-mail.

WSDOT reserves the right, without incurring any liability, to change any aspect of the proposed procurement described above and in the RFP, including the right to not proceed with the procurement.

Rahim Delli, P.E.  
Project Manager  
Edmonds Ferry Public-Private Partnership  
Design-Build Project
